Expanding

I chose the theme "Expanding Horizons" for the 1986 Yearbook because the Senior class is expanding to a larger horizon. Some of the moments on their way may have been crazy, some happy, some proud, and some even sad. But all these memories will stay with us for a life time.

Just seem like a dream.

And our closeness has thickened.

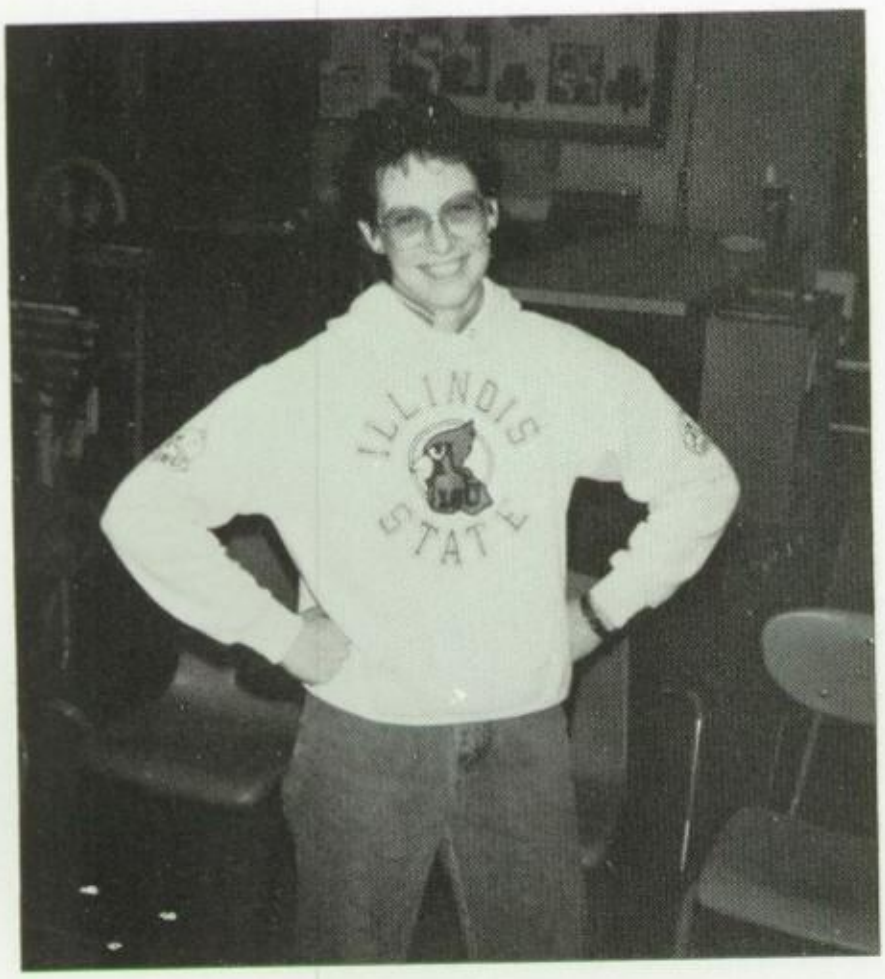
Closing



When this year started I thought it would be an easy job. Now that I've been through the year I've seen different. I would like to give a special thanks to Susie Caise and Stacie Arseneau for all the help they have given me in the year. I couldn't have done it without them. Also, I would like to thank Mr. Olmsted for putting up with us. You have to admit we did have fun. This year has been fun and crazy. Hope Susie and Stacie have fun next year.

I would also like to thank Mr. Roger Bard for all the pictures he took for us.

Thanks,
Tracy
